CLIENT	Amar center for architecture and heritage- Jeddah, Saudi Arabia, 2003
CONTACT	P.O Box 877, Jeddah 21421 Saudi Arabia. http://www.almizaan.com/ info@amarcenter.me
BRIEF	The CEO and senior management team where setting up the office to oversee the construction of a large hospital after the design phase has ended and the contract was signed for consultation. They needed to hire people, manage interior design aspects and solve day to day rising conflicts with contractors and other stake holders.
OUTCOME	The CEO was empowered to deal with multi- layers of a complexity with different stake holders including investors, contractors, and construction engineers while maintaining a balance with other parallel projects and initiating new opportunities. The CEO successfully completed the project in a year and a half with a cohesive leadership team. Coaching took place as well with other senior management teams to overcome many hurdles including hiring and working with women in a very conservative and restricted conditions (me being one of them).
